Contact Chrissy Acker (806) 654-2057

Exciting News: We have a Creighton Model FertilityCare Intern! If you are interested in learning more, contact our Creighton Model Fertility Care Intern, Sarah Dawes (806) 676-7839 or email her at sarahrdawes@yahoo.com

*We Hope you find what works best for you!

Teachers do not travel out of town for fewer than 2 couples registered and paid 1 week before a scheduled class.

Natural Family Planning methods have efficacy rates of 97-99% percent. NFP is useful for both achieving and avoiding pregnancy. The total fee for the Ovulation Method class is $105 English/$95 Spanish. Some parishes pay all or part of the fee and couples may inquire about fees from their marriage preparer. If the couple cannot afford the fee, it will be reduced or waived.

Registration should be done at least one week before the first class to allow a count for required teaching materials to be gathered or preferably as soon as the wedding date is set. Registration for the Ovulation Method may be done through individual teachers (phone numbers are listed) or Faye Usala (358-2880).
Additional classes may be added to the schedule at a future date. All priests and deacons will be notified promptly of schedule changes. The teachers are willing to speak about NFP at Mass or group sessions, altar societies, guilds, or circles if requested in any parish. Please contact Faye Usala.
